Fire Pit Permits Available at Town Office

If you're considering acquiring or building a fire pit; have purchased or rented a home with a pre-existing fire pit or are moving a fire pit to a new location, you will need to apply or reapply for a permit at the Town office. Permits are not grandfathered in & passed onto the next resident in line. It's imperative we keep our permit records current.

Town of Herbert's Fire Pit Policy sites very specific requirements & the location is subject to a physical inspection by the local Fire Chief. A permit will only be approved once it's been signed off by the Fire Chief.

This is solely for fire safety reasons. Please observe any fire ban notifications should the need arise.
